B Natural aims for beekeeping which provides a satisfactory economic benefit to the beekeeper whilst supporting and defending the bees, which enhances the environment and is therefore beneficial to society.

AS A B NATURAL SUPPLIER I COMMIT TO

- ◆ regarding **bees as real partners**, thus implementing a bee-friendly beekeeping management;
- ◆ **keeping bees in good health** and free from preventable illness;
- ◆ maintaining the **environment free from pesticides** contamination;
- ◆ leaving **enough honey and pollen for the bees**, avoiding artificial feeding;
- ◆ building hives using recyclable **natural materials**, without using chemical glues and plastics;
- ◆ **avoiding any form of laboratory based genetic modification**;
- ◆ not using chemical residues in and around the hives.
